

SOTI MOBICONTROL

PROVEN MOBILITY MANAGEMENT FOR ZEBRA PRINTERS

SOTI MobiControl is a proven mobility management solution that makes Enterprise Mobility Management (EMM) easier than ever before. Zebra Technologies empowers those on the frontlines in retail, healthcare, manufacturing, transportation and logistics, and other industries to achieve a performance edge.

Together, SOTI and Zebra Technologies deliver innovations designed to maximize productivity, boost efficiency and simplify workflows.

MAXIMIZE ZEBRA PRINTER BENEFITS

Leverage the power of SOTI MobiControl to go beyond management of mobile phones, tablets and computers, and take control of your Zebra printer fleet. With SOTI MobiControl you can keep your business-critical Zebra printers operating at maximum performance and ensure your workers remain productive with the tools they need.

	Easy-To-Use, Integrated Console	<ul style="list-style-type: none">• Manage your Zebra printers alongside your mobile device fleet from a single pane of glass.• An integrated, easy-to-use console enables device administrators to efficiently manage their connected Zebra printers.
	Anytime, Anywhere Access	<ul style="list-style-type: none">• Remote access to printers makes it simple for device administrators to manage and update devices from anywhere around the world.• Eliminate the need for onsite visits when printers require servicing.
	Monitoring And Remediation	<ul style="list-style-type: none">• Reduce the downtime and costs associated with configuration and troubleshooting of printers.• Quickly identify problematic devices and resolve issues remotely.
	End-To-End Printer Management	<ul style="list-style-type: none">• Gain end-to-end visibility and control over your Zebra printers and access to device analytics, make over-the-air updates, push firmware upgrades and change printer label settings.

WHY CHOOSE SOTI MOBICONTROL?

SOTI MobiControl is designed to give you end-to-end visibility and control over your supported Zebra printers with proven printer management capabilities.

	Ability to remotely configure printer settings such as: power timeout, printer label settings, printer profile, print method, printer darkness and printer speed.
	Management of device network port, connection timeout settings and wireless security settings.
	Configurable device alerts and data collection functionality for data analytics and reporting.
	Certificate Authority integration that allows automated generation of unique printer certificates.
	Simplified deployment of static or unique printer certificates for enhanced secure wireless communication.
	Option for auto-renewal of certificates through a Certificate Authority.
	The SOTI MobiControl System Health Dashboard ¹ gives you real-time and 48-hour visibility into operational stats to help you make smart, data-based decisions to optimize SOTI MobiControl performance.

¹ Available only to SOTI Premium Plus and Enterprise Plus Service customers
